The Riley State Bank of Riley, Kansas is a home owned, community bank which has served Riley and the surrounding community since 1943. In 2005, we built and installed a driveup ATM kiosk in Randolph for the convenience of our customers there. In 2009, we built a beautiful, new full service branch in Leonardville to better serve our customers in that area. Management and most of our employees are from this area. Many have worked in other businesses in our community and understand what types of services and products are wanted and needed by our customers.

In 2010, we purchased Farmers & Merchants State Bank of Wakefield and Longford, Kansas. This bank has been serving their communities since 1908. Most of the existing staff and management are still operating those branches. The merger of the two institutions provides more services and expanded capacity to our customers. Internet banking allows all of our customers to do their banking 24/7.

Our loan department personnel have combined lending experience of more than 100 years. A complete line of consumer and commercial loans are offered at competitive rates.

We hope you find whatever you are looking for in a financial institution here at Riley State Bank and at Farmers and Merchants State Bank. Please tell us of any special needs you may require. We want to be your bank.
